the infrastructure company

Client Update 17

March 2, 2019

Road Surfacing

Kindly note that the surfacing of road 3A that is adjacent to the Site Office has been delayed. We estimate and anticipate that the road will be ready for surfacing by Monday, 4th March 2019.

Please also note that the guardhouse entrance will be closed for road skimming and surfacing once we are done with road 3A. During this period, access will be possible through a detour that will go via road 3A from the Mutare Highway end of the development.

We apologise sincerely for the inconveniences caused by these temporary measures.
