**Client Update No. 20**

**24 April 2014**

## **Provision of Electricity Supply Infrastructure: Madokero Estate.**

We have an overwhelming response following our proposal to engage a private contractor for the provision of electricity supply in the Estate.

ZESA has provisionally approved our request and are now working on the Reticulation design for us to be able to plan and implement the works. An update will be provided to you once ZESA has given us the completed Reticulation design for us to commence the project.

Information will also be availed to you in due course as to when payments will be required.

Thank you for the support.
